The Annual Charge, Regulatory Charge and Transaction Charges will be reviewed on 1st November annually in line with the UK index of Average Weekly Earnings (AWE) or whatever index may supersede it. We will publish the charges that apply on our website and they are also available on request.

All charges made by any bank from time to time holding funds attributable to the annuity and similarly all charges made by custodians, investment managers and any other third parties providing investment related services will also be deducted from the fund as and when they fall due.

London & Colonial further reserves the right to vary the charges or to introduce additional charges if significant additional work should become necessary, for example, to comply with any regulatory or other requirements or circumstances arising that have consequences for the administration of the Contract.

These charges are made by London & Colonial and are effective from 1 March 2024. These do not provide for any payments to your chosen Investment provider.

Notes:

1. All charges may be altered subject to at least 1 month's notice.
2. All increases in charges will be linked approximately to the index for AWE or whatever index may supersede it.
3. The annual charge is deducted on or around the policy anniversary and will not be prorated if transfer out is requested after deduction of the charge.
4. We reserve the right to make additional charges for investments identified as exceptionally complex - these will be agreed in advance of any work being carried out.
